GRA 470: User Interface and Experience

Center: Online

Course Prerequisites

GRA 310

Course Description

This course focuses on user experience, user interface design, and user-centered design concepts. Students will examine the use of advanced prototyping tools and techniques. Students will also learn aspects of usability testing. Students will go through the process of designing digital experiences that reflect principles of user experience and user-centered design.

Course Outcomes

- Utilize appropriate heuristics for determining interface compliance with recognized usability principles as part of the iterative design process
- Evaluate market research and personas in designing optimal website user experiences for target audiences
- Design website prototypes with appropriate information architecture, functionality, and design features for optimizing interactive experiences
- Assess website designs for the extent to which target audience needs are addressed using qualitative and quantitative testing
- Justify solutions in creative design and information aesthetics based on current design movements and professional judgment

Required Materials

Using your learning resources is critical to your success in this course. Please purchase directly through the [SNHU Online Bookstore](#) rather than any other vendor. Purchasing directly from the bookstore ensures that you will obtain the correct materials and that the IT Service Desk, your advisor, and the instructor can provide you with support if you have problems.

Diversity, Equity, and Inclusion

As indicated in our core values, SNHU is committed to “embrace diversity where we encourage and respect diverse identities, ideas, and perspectives by honoring difference, amplifying belonging, engaging civilly, and breaking down barriers to bring our mission to life.”

This may or will be reflected in SNHU’s curriculum as we embrace and practice diversity, equity, and inclusion (DEI) to provide the most transformative experience for our students, faculty, and staff. Because topics pertaining to DEI can be sensitive, please remember that embodying and practicing diversity, equity, and inclusion is one of our core values that you will encounter throughout the academic experience. In higher education, we are expected to think and engage critically. Use a growth mindset to embrace the diverse readings, course assignments, and experiences of your peers and faculty.

For more information about DEI at SNHU, please visit our website at the [Office of Diversity and Inclusion](#).

Instructor Availability and Response Time

Your class interaction with the instructor and your classmates will take place on a regular, ongoing basis. Your instructor will be actively engaged within the course throughout the week. You will normally communicate with your instructor in the weekly discussions or the General Questions discussion topic so that your questions and the instructor’s answers benefit the entire class. You should feel free, however, to communicate with your instructor via SNHU email at any time, particularly when you want to discuss something of a personal or sensitive nature. Your instructor will generally provide a response within 24 hours. Instructors will post grades and feedback (as applicable) within seven days of an assignment’s due date, or within seven days of a late submission.

Grade Distribution

Assignment Category	Number of Graded Items	Point Value per Item	Total Points
Discussions	5	30	150
Short Papers	2	50	100
Peer Reviews	3	60	180
Final Project			
Milestones	3	70	210
Final Submission	1	360	360
			Total Course Points: 1,000

This course may also contain practice activities. The purpose of these non-graded activities is to assist you in mastering the learning outcomes in the graded activity items listed above.

University Grading System: Undergraduate

Grading Guides

Specific activity directions, grading guides, posting requirements, and additional deadlines can be found in the Assignment Guidelines and Rubrics section of the course.

Weekly Assignment Schedule

All reading and assignment information can be found within each module of the course. Assignments and discussion posts during the first week of each term are due by 11:59 p.m. Eastern Time. Assignments and discussion posts for the remainder of the term are due by 11:59 p.m. of the student's local time zone.

In addition to the textbook readings that are listed, there may be additional required resources within each module.

Module	Topics and Assignments
1	The User Experience Process <i>Rocket Surgery Made Easy</i> , Chapters 1, 2, and 3 1-1 Discussion: Role of the UX Designer 1-2 Final Project: Review 1-3 Final Project Milestone One: Site Selection and Website Evaluation
2	User-Centered Design Process 2-1 Discussion: UX Development Methodologies 2-2 Final Project Milestone Two: Personas and New Website Design
3	Early Prototype Exploration and Iteration Methods <i>Rocket Surgery Made Easy</i> , Chapters 4 and 5 3-1 Short Paper: Advantages of Low-Fidelity Prototypes 3-2 Peer Review: Milestone Two

Module	Topics and Assignments
4	High-Fidelity Prototyping <i>Rocket Surgery Made Easy</i> , Chapter 6 (p. 50) 4-1 Discussion: UI Design Solutions 4-2 Final Project Milestone Three: Prototypes
5	Testing and Validation Methods <i>Rocket Surgery Made Easy</i> , Chapters 9 and 10 5-1 Short Paper: Usability Testing 5-2 Peer Review: Milestone Three
6	Refinement and Redesign 6-1 Discussion: Functionality and User Needs 6-2 Final Project: Check-in (Non-graded)
7	User Experience Synthesis <i>Rocket Surgery Made Easy</i> , Chapters 14, 15, and 16 7-1 Final Project Submission: Virtual User Solution and Testing and Defense Paper
8	User Interface and Experience Reflection 8-1 Discussion: The Future of UX 8-2 Peer Review: Final Project

Course Participation

Course participation is required within the first week of the term for all online courses. *Participation* in this context is defined as completing one graded assignment during the first week of the course. Otherwise, students will be administratively removed for nonparticipation. Students who do not participate during the first week may forfeit their rights to be reinstated into the course. Students who stop attending a course after the first week and who do not officially withdraw will receive a grade calculated based on all submitted and missed graded assignments for the course. Missed assignments will earn a grade of zero. See the [course withdrawal policy](#) and the [full attendance policy](#) for further information.

Late Assignments

Students who need extra time may submit assignments (excluding discussion board postings) up to one week after the assignment due date. Discussion board submissions will not be accepted for credit after the deadline except in extenuating circumstances.

- A penalty of 10 percent of the total value of the assignment will be applied to the grade achieved on the late assignment regardless of the day of the week on which the work is submitted.
- Students who submit assignments more than one week late will receive a grade of zero on the assignment unless they have made prior arrangements with the instructor.

Students must submit all assignments no later than 11:59 p.m. (in their own time zone) on the last day of the term. No assignments are accepted after the last day of the term unless an incomplete has been submitted. See the [incomplete grades policy](#).

There may be times an instructor makes an exception to the late assignment policy. Instructors may accept late work, including discussion board posts, with or without prior arrangement.

- Exceptions to the late policy on these grounds are left to the instructor's discretion, including whether the late penalty is applied or waived. Students should not assume that they will be allowed to submit assignments after the due dates.
- If an instructor finds that they are unable to determine whether an exception to the late policy would be appropriate without documentation, the collection and review of student documentation should be handled through the Dispute Resolution team in order to protect the student's privacy. In these cases, students should file a [Student Concern Dispute form](#) to have the circumstances reviewed.

If a student is experiencing (or knows they will experience) a circumstance, including pregnancy, that is protected under the Americans with Disabilities Act or Title IX, they are encouraged to contact the [Online Accessibility Center \(OAC\)](#) as soon as possible to explore what academic accommodations might be offered. Instructors must honor all deadlines established through the OAC.
