

## Undergraduate Course Syllabus

### IT 331: Human Factors in Information Technology

Center: Online

#### Course Prerequisites

None

#### Course Description

This course addresses the importance of understanding and advocating for the end user in the development of IT applications and systems. Students will be exposed to Human-Computer Interaction (HCI) fundamentals including user and task analysis, human factors, ergonomics, accessibility standards, and cognitive psychology. Emphasis will be placed on user-centered methodologies in the development, evaluation, and deployment of IT applications and systems.

#### Course Outcomes

- Assess the potential of user interfaces for meeting their intended audiences' needs
- Determine the extent to which IT applications demonstrate compliance with accessibility guidelines in recommending improvements that align with standards-based policies
- Evaluate user interfaces using heuristic evaluation techniques for their compliance with human-computer interaction best practices
- Propose user-centered solutions that apply human-computer interaction best practices in meeting the intended audience's needs

#### Required Materials

Using your learning resources is critical to your success in this course. Please purchase directly through the [SNHU Online Bookstore](#) rather than any other vendor. Purchasing directly from the bookstore ensures that you will obtain the correct materials and that the IT Service Desk, your advisor, and the instructor can provide you with support if you have problems.

## Diversity, Equity, and Inclusion

As indicated in our core values, SNHU is committed to “embrace diversity where we encourage and respect diverse identities, ideas, and perspectives by honoring difference, amplifying belonging, engaging civilly, and breaking down barriers to bring our mission to life.”

This may or will be reflected in SNHU’s curriculum as we embrace and practice diversity, equity, and inclusion (DEI) to provide the most transformative experience for our students, faculty, and staff. Because topics pertaining to DEI can be sensitive, please remember that embodying and practicing diversity, equity, and inclusion is one of our core values that you will encounter throughout the academic experience. In higher education, we are expected to think and engage critically. Use a growth mindset to embrace the diverse readings, course assignments, and experiences of your peers and faculty.

For more information about DEI at SNHU, please visit our website at the [Office of Diversity and Inclusion](#).

## Instructor Availability and Response Time

Your class interaction with the instructor and your classmates will take place on a regular, ongoing basis. Your instructor will be actively engaged within the course throughout the week. You will normally communicate with your instructor in the weekly discussions or the General Questions discussion topic so that your questions and the instructor’s answers benefit the entire class. You should feel free, however, to communicate with your instructor via SNHU email at any time, particularly when you want to discuss something of a personal or sensitive nature. Your instructor will generally provide a response within 24 hours. Instructors will post grades and feedback (as applicable) within seven days of an assignment’s due date, or within seven days of a late submission.

## Grade Distribution

Assignment Category	Number of Graded Items	Point Value per Item	Total Points
Discussions	8	40	320
Applied Activities	3	70	210
Final Project			
Milestone One	1	70	70
Milestone Two	1	100	100
Final Project Submission	1	300	300
			<b>Total Course Points: 1,000</b>

This course may also contain practice activities. The purpose of these non-graded activities is to assist you in mastering the learning outcomes in the graded activity items listed above.

## University Grading System: Undergraduate

Grade	Numerical Equivalent	Points
A	93–100	4
A-	90–92	3.67

Grade	Numerical Equivalent	Points
B+	87–89	3.33
B	83–86	3
B-	80–82	2.67
C+	77–79	2.33
C	73–76	2
C-	70–72	1.67
D+	67–69	1.33
D	60–66	1
F	0–59	0
I	Incomplete	
IF	Incomplete/Failure *	
IP	In Progress (past end of term)	
W	Withdrawn

### Grading Guides

Specific activity directions, grading guides, posting requirements, and additional deadlines can be found in the Assignment Guidelines and Rubrics section of the course.

### Weekly Assignment Schedule

All reading and assignment information can be found within each module of the course. Assignments and discussion posts during the first week of each term are due by 11:59 p.m. Eastern Time. Assignments and discussion posts for the remainder of the term are due by 11:59 p.m. of the student's local time zone.

In addition to the textbook readings that are listed, there may be additional required resources within each module.

Module	Topics and Assignments
1	An Overview of Human-Computer Interaction <i>Designing the User Interface</i> , Chapters 1, 2, 3, and 4 1-1 Discussion: Application Review and Recommendations 1-2 Final Project Review
2	Evaluating Interface Designs and Interaction Styles <i>Designing the User Interface</i> , Chapters 5, 7, and 8 2-1 Discussion: Types of UI Evaluations and Interactive Menu and Form Options 2-2 Applied Activity: Website Evaluation
3	Command and Natural Languages <i>Designing the User Interface</i> , Chapter 9 3-1 Discussion: Command Languages 3-2 Final Project Milestone One: Application Overview and Initial Analysis

Module	Topics and Assignments
4	Accessibility, Ergonomics, and Human-Computer Interaction <i>Designing the User Interface</i> , Chapter 10 4-1 Discussion: Improving Keyboard Design on Mobile Devices 4-2 Applied Activity: Hospital Clerk Scenario
5	Communication and Collaboration <i>Designing the User Interface</i> , Chapter 11 5-1 Discussion: User Interface Predictions 5-2 Final Project Milestone Two: Application Analysis
6	Quality of Service and Balance of Function <i>Designing the User Interface</i> , Chapters 13 and 12 6-1 Discussion: Anthropomorphic Characters 6-2 Applied Activity: Network Delays and the User Experience
7	User Documentation, Online Help, and Information Searches <i>Designing the User Interface</i> , Chapters 14 and 15 7-1 Discussion: Analyzing Online Help 7-2 Final Project Submission: Company Consult Debrief
8	Information Visualization <i>Designing the User Interface</i> , Chapters 15 and 16 8-1 Discussion: Information Visualization

### Course Participation

Course participation is required within the first week of the term for all online courses. *Participation* in this context is defined as completing one graded assignment during the first week of the course. Otherwise, students will be administratively removed for nonparticipation. Students who do not participate during the first week may forfeit their rights to be reinstated into the course. Students who stop attending a course after the first week and who do not officially withdraw will receive a grade calculated based on all submitted and missed graded assignments for the course. Missed assignments will earn a grade of zero. See the [course withdrawal policy](#) and the [full attendance policy](#) for further information.

### Late Assignments

Students who need extra time may submit assignments (excluding discussion board postings) up to one week after the assignment due date. Discussion board submissions will not be accepted for credit after the deadline except in extenuating circumstances.

- A penalty of 10 percent of the total value of the assignment will be applied to the grade achieved on the late assignment regardless of the day of the week on which the work is submitted.
- Students who submit assignments more than one week late will receive a grade of zero on the assignment unless they have made prior arrangements with the instructor.

Students must submit all assignments no later than 11:59 p.m. (in their own time zone) on the last day of the term. No assignments are accepted after the last day of the term unless an incomplete has been submitted. See the [incomplete grades policy](#).

There may be times an instructor makes an exception to the late assignment policy. Instructors may accept late work, including discussion board posts, with or without prior arrangement.

- Exceptions to the late policy on these grounds are left to the instructor's discretion, including whether the late penalty is applied or waived. Students should not assume that they will be allowed to submit assignments after the due dates.
- If an instructor finds that they are unable to determine whether an exception to the late policy would be appropriate without documentation, the collection and review of student documentation should be handled through the Dispute Resolution team in order to protect the student's privacy. In these cases, students should file a [Student Concern Dispute form](#) to have the circumstances reviewed.

If a student is experiencing (or knows they will experience) a circumstance, including pregnancy, that is protected under the Americans with Disabilities Act or Title IX, they are encouraged to contact the [Online Accessibility Center \(OAC\)](#) as soon as possible to explore what academic accommodations might be offered. Instructors must honor all deadlines established through the OAC.
