SPED 525: Critical Issues/Students with Disabilities

Center: Online

Course Prerequisites

None

Course Description

This course provides students with a deep understanding of children with disabilities and specific characteristics of such disabilities. Students will analyze various disabilities and how learning is impacted within the regular curriculum. Students will examine and be prepared to define ways in which such disabilities are diagnosed and possible strategies and techniques (to include assistive technology) to assist the student in the regular classroom. Response to Intervention (RTI) will be discussed as a regular education initiative that can serve the needs of all students. Students will research resources available for families and schools to support the needs of disabled children. The role of the family and school as partners will be developed as a critical technique to serve the needs of disabled students, as well as the importance of facilitating effective meetings and communication efforts that must be part of the role of special educator.

Course Outcomes

- Develop an effective collaboration model (Personal Commitment, Communication Skills, Interaction Process, Programs or Services, and Content), including parents as part of the model
- Identify teaching strategies and resources, both as a consultant and as a co-teacher, that facilitate the education of students with disabilities in an inclusive setting K through grade 12
- Learn how to analyze a learning outcome to identify modifications, accommodations, scaffolding (task analysis) in order to determine appropriate goals for students
- Implement and evaluate individualized learning goals, prioritizing areas of the general curriculum
- Recognize the effects of cultural and linguistic differences on growth, development, and effective communication
- Demonstrate the ability to participate in co-planning for students with disabilities
- Demonstrate the ability to structure, direct, and support to K-12 students (one-on-one or in groups) within an inclusive classroom under the direction of the classroom teacher
- Turn theory into practice by completing ten hours of related field experience

Required Materials

Using your learning resources is critical to your success in this course. Please purchase directly through SNHU's online bookstore, [MBS Direct](#), rather than any other vendor. Purchasing directly from the bookstore ensures that you will obtain the correct materials and that the Help Desk, your advisor, and the instructor can provide you with support if you have problems.

Instructor Availability and Response Time

Your class interaction with your instructor and your classmates will take place in Blackboard on a regular, ongoing basis. Your instructor will be active in Blackboard at least five days a week, and you will normally communicate with your instructor in the open Blackboard discussion forum so that your questions and the instructor's answers benefit the entire class. You should send emails directly to your instructor only when you need to discuss something of a personal or sensitive nature, and in those cases your instructor will generally provide a response within 24 hours.

Grading Guides

Specific activity directions, grading guides, posting requirements, and additional deadlines can be found in the Course Information area in the Assignment Guidelines and Rubrics folder.

Chalk and Wire

Specific assignments in this course are to be submitted to Chalk and Wire, the University's ePortfolio system. These items will be used as files for the Professional ePortfolio when completing the degree program. For additional information and instructions for accessing, starting a portfolio, and submitting an assignment to Chalk and Wire, please visit the [School of Education Portal](#) and click on "CW for Students" on the left-hand side of the page. With questions regarding Chalk and Wire, please contact the SNHU Instructional Support Helpdesk, available on mySNHU.

NOTE: All final projects must be submitted to the Chalk & Wire system. Students who do not submit their final project to Chalk & Wire will receive a grade of 0.

Weekly Assignment Schedule

The Learning Modules area in Blackboard contains one module folder for each week of the course. All reading and assignment information can be found in the folders. All assignments are due by 11:59 p.m. Eastern Time on the last day of the module week.

In addition to the textbook readings that are listed, there may be additional required resources within each module in Blackboard.

Critical Task: Resource Strategy Notebook

The final project for this course is the creation of a **Research Strategy Notebook**. Students will research and develop a resource strategy notebook that will increase students' skills in an inclusive classroom.

This includes at least two "best practice" differentiation strategies in each of the following areas:

1. Motivation and Affect
2. Behavior
3. Attention and Memory
4. Study Skills
5. Mathematics
6. Science and Social Studies
7. Literacy: Text comprehension
8. Literacy: Reading fluency
9. Literacy: Decoding
10. Literacy: Encoding
11. Writing: Structures of Language: Applying Understanding of Sentences, Paragraphs, and Text Structures
12. Reading-Writing Connection: Writing in Response to Literary or Informational Text
13. Gifted and Talented

Field Experience: Interview and Reflection

You will conduct two interviews.

Students are to observe and interview:

- A Speech/Language Pathologist
- An Occupational Therapist or Paraeducator

The goal of the interviews is to determine roles and responsibilities of various personnel. Your major focus in your interviews will be processes and procedures of consultation and collaboration for BOTH working with special needs students and developing and implementing an IEP, thus working with all school personnel. Your questions will encompass the Collaboration Model (Components of Collaboration).

Attendance Policy

Online students are required to post to the Blackboard discussion board during the first week of class. If a student does not submit a posting to the discussion board during the first week of class, the student is automatically withdrawn from the course for non-participation. Review the [full attendance policy](#).

Late Assignments Policy

Meeting assigned due dates is critical for demonstrating progress and ensuring appropriate time for instructor feedback on assignments. Students are expected to submit their assignments on or before the due date. Review the [full late assignment policy](#).
