HCM 440: Healthcare Research and Evaluation Methodologies

Center: Online

Course Prerequisites

IHP 340

Course Description

Students in this course will develop the knowledge and skills to apply assessment instruments, data collection, research designs, and statistical analysis for needs assessment and program planning. Additionally, students will explore contextual issues surrounding evaluation, evaluation designs, and methodological issues pertinent to programmatic evaluation.

Course Outcomes

- Critique ethical issues in healthcare research for their influence on compliance with rules and regulations
- Evaluate basic research strategies applicable to healthcare settings for informing research proposals
- Assess the appropriateness of utilizing secondary databases in healthcare research as an alternative to conducting original research
- Justify the selection of specific data analysis methodology in published healthcare research for informing healthcare research methodology
- Select healthcare administration issues to research in validating the need for program evaluation

Required Materials

Using your learning resources is critical to your success in this course. Please purchase directly through the [SNHU Online Bookstore](#) rather than any other vendor. Purchasing directly from the bookstore ensures that you will obtain the correct materials and that the IT Service Desk, your advisor, and the instructor can provide you with support if you have problems.

Diversity, Equity, and Inclusion

As indicated in our core values, SNHU is committed to “embrace diversity where we encourage and respect diverse identities, ideas, and perspectives by honoring difference, amplifying belonging, engaging civilly, and breaking down barriers to bring our mission to life.”

This may or will be reflected in SNHU's curriculum as we embrace and practice diversity, equity, and inclusion (DEI) to provide the most transformative experience for our students, faculty, and staff. Because topics pertaining to DEI can be sensitive, please remember that embodying and practicing diversity, equity, and inclusion is one of our core values that you will encounter throughout the academic experience. In higher education, we are expected to think and engage critically. Use a growth mindset to embrace the diverse readings, course assignments, and experiences of your peers and faculty.

For more information about DEI at SNHU, please visit our website at the [Office of Diversity and Inclusion](#).

Instructor Availability and Response Time

Your class interaction with the instructor and your classmates will take place on a regular, ongoing basis. Your instructor will be actively engaged within the course throughout the week. You will normally communicate with your instructor in the weekly discussions or the General Questions discussion topic so that your questions and the instructor's answers benefit the entire class. You should feel free, however, to communicate with your instructor via SNHU email at any time, particularly when you want to discuss something of a personal or sensitive nature. Your instructor will generally provide a response within 24 hours. Instructors will post grades and feedback (as applicable) within seven days of an assignment's due date, or within seven days of a late submission.

Grade Distribution

Assignment Category	Number of Graded Items	Point Value per Item	Total Points
Discussions	6	50	300
Annotated Bibliography	1	140	140
Short Papers	2	30	60
Journals	3	50	150
Integrated Review	1	350	350
			Total Course Points: 1,000

This course may also contain practice activities. The purpose of these non-graded activities is to assist you in mastering the learning outcomes in the graded activity items listed above.

University Grading System: Undergraduate

Grading Guides

Specific activity directions, grading guides, posting requirements, and additional deadlines can be found in the Assignments and Rubrics section of the course.

Weekly Assignment Schedule

All reading and assignment information can be found within each module of the course. Assignments and discussion posts during the first week of each term are due by 11:59 p.m. Eastern Time. Assignments and discussion posts for the remainder of the term are due by 11:59 p.m. of the student's local time zone.

In addition to the textbook readings that are listed, there may be additional required resources within each module.

Module	Topics and Assignments
1	Introduction to Healthcare Research <i>Introduction to Health Research Methods</i> , Chapters 1 and 2 1-1 Discussion: Opportunities for Change 1-2 Final Project: Topic
2	Gathering Evidence and Appraising Research <i>Introduction to Health Research Methods</i> , Chapters 3, 35, 36, and 38 2-1 Discussion: Gathering Evidence 2-2 Journal: Healthcare Research Priorities
3	Developing Study Problems and Research Questions <i>Introduction to Health Research Methods</i> , 2, 4, 5 and 6 3-1 Short Paper: Establishing the Foundation
4	Designing the Study: Study Approach <i>Introduction to Health Research Methods</i> , Chapters 7, 9, 12, 14 and 26 4-1 Journal: Types of Research 4-2 Milestone: Annotated Bibliography
5	Data Collection <i>Introduction to Health Research Methods</i> , Chapters 19, 20, 21, 22, 23 and 24 5-1 Discussion: Critiquing Research Reports

Module	Topics and Assignments
6	Data Analysis <i>Introduction to Health Research Methods</i> , Chapters 25, 26,29,30, 31 and 32 6-1 Discussion: Critiquing Research Reports 6-2 Short Paper: Analyzing Research Methods
7	Ethical Considerations <i>Introduction to Health Research Methods</i> , Chapters 17 and 18 7-1 Discussion: Ethical Breaches in Healthcare Research 7-2 Journal: Putting the Pieces Together
8	Reporting and Evaluation of Findings <i>Introduction to Health Research Methods</i> , Chapters 34, 39, 41 and 42 8-1 Discussion: Evidence 8-2 Final Project: Submit Integrated Review

Course Participation

Course participation is required within the first week of the term for all online courses. *Participation* in this context is defined as completing one graded assignment during the first week of the course. Otherwise, students will be administratively removed for nonparticipation. Students who do not participate during the first week may forfeit their rights to be reinstated into the course. Students who stop attending a course after the first week and who do not officially withdraw will receive a grade calculated based on all submitted and missed graded assignments for the course. Missed assignments will earn a grade of zero. See the [course withdrawal policy](#) and the [full attendance policy](#) for further information.

Late Assignments

Students who need extra time may submit assignments (excluding discussion board postings) up to one week after the assignment due date. Discussion board submissions will not be accepted for credit after the deadline except in extenuating circumstances.

- A penalty of 10 percent of the total value of the assignment will be applied to the grade achieved on the late assignment regardless of the day of the week on which the work is submitted.
- Students who submit assignments more than one week late will receive a grade of zero on the assignment unless they have made prior arrangements with the instructor.

Students must submit all assignments no later than 11:59 p.m. (in their own time zone) on the last day of the term. No assignments are accepted after the last day of the term unless an incomplete has been submitted. See the [incomplete grades policy](#).

There may be times an instructor makes an exception to the late assignment policy. Instructors may accept late work, including discussion board posts, with or without prior arrangement.

- Exceptions to the late policy on these grounds are left to the instructor's discretion, including whether the late penalty is applied or waived. Students should not assume that they will be allowed to submit assignments after the due dates.

- If an instructor finds that they are unable to determine whether an exception to the late policy would be appropriate without documentation, the collection and review of student documentation should be handled through the Dispute Resolution team in order to protect the student's privacy. In these cases, students should file a [Student Concern Dispute form](#) to have the circumstances reviewed.

If a student is experiencing (or knows they will experience) a circumstance, including pregnancy, that is protected under the Americans with Disabilities Act or Title IX, they are encouraged to contact the [Online Accessibility Center \(OAC\)](#) as soon as possible to explore what academic accommodations might be offered. Instructors must honor all deadlines established through the OAC.
