COM 229: Visual Communication and Design

Center: Online

Course Prerequisites

ENG 123

Course Description

In this course, students will apply fundamental design principles and communication technologies to the creation and dissemination of messages across multiple formats and channels. Students will also analyze the effectiveness of communication messages and projects in relation to their use of basic design principles and technologies, as well as to their alignment to project goals.

Course Competencies

This course covers the following competencies, which represent the knowledge and skills relevant to your field:

- COM-30116: Select and apply appropriate technologies to produce various visual communications
- COM-30124: Create various visual communications informed by the application of basic design principles
- COM-30096: Evaluate the effectiveness of messages on targeted audiences in relation to communication project goals

Required Materials

Using your learning resources is critical to your success in this course. Your textbook is available for free from the Shapiro Library and can be accessed through the links provided in your course.

Adobe Creative Cloud Subscription

This software is available in the [SNHU OnTheHub](#) store. This is an annual subscription to all Adobe Creative Cloud apps (Adobe Illustrator, Photoshop, and InDesign via Adobe Creative Suite) that includes all software required in this course and more.

System Requirements

The requirements below are based on the required Adobe products needed for this course. Given that current system requirements can change without notice from Adobe, it is best to consult the most up-to-date requirements on the Adobe website.

PC

- Operating system: Windows 10 operating system
- CPU: Intel Core 2 or AMD Athlon 64 processor; 2 GHz or faster processor

- RAM: A minimum of 8 GB of RAM is required, but 16 GB is highly recommended and will become increasingly necessary with each annual release of new versions of Adobe applications
- Disk space: 2.6 GB free disk space
- 1024 x 768 display (1280 x 800 recommended) with 16-bit color and 512 MB or more of dedicated VRAM; 2 GB is recommended
- OpenGL 2.0-capable system

Mac

- Operating System: Mac OS 10.13 (High Sierra), macOS version 10.12 (Sierra), or Mac OS X version 10.11 (El Capitan)
- CPU: Multicore Intel processor with 64-bit support
- RAM: A minimum of 8 GB of RAM is required, but 16 GB is highly recommended and will become increasingly necessary with each annual release of new versions of Adobe applications
- Disk space: 4 GB or more of available hard-disk space for installation; additional free space required during installation (cannot install on a volume that uses a case-sensitive file system)
- 1024 x 768 display (1280 x 800 recommended) with 16-bit color and 512 MB or more of dedicated VRAM; 2 GB is recommended
- OpenGL 2.0-capable system

Diversity, Equity, and Inclusion

As indicated in our core values, SNHU is committed to “embrace diversity where we encourage and respect diverse identities, ideas, and perspectives by honoring difference, amplifying belonging, engaging civilly, and breaking down barriers to bring our mission to life.”

This may or will be reflected in SNHU’s curriculum as we embrace and practice diversity, equity, and inclusion (DEI) to provide the most transformative experience for our students, faculty, and staff. Because topics pertaining to DEI can be sensitive, please remember that embodying and practicing diversity, equity, and inclusion is one of our core values that you will encounter throughout the academic experience. In higher education, we are expected to think and engage critically. Use a growth mindset to embrace the diverse readings, course assignments, and experiences of your peers and faculty.

For more information about DEI at SNHU, please visit our website at the [Office of Diversity and Inclusion](#).

Instructor Availability and Response Time

Your class interaction with the instructor and your classmates will take place on a regular, ongoing basis. Your instructor will be actively engaged within the course throughout the week. You will normally communicate with your instructor in the weekly discussions or the General Questions discussion topic so that your questions and the instructor’s answers benefit the entire class. You should feel free, however, to communicate with your instructor via SNHU email at any time, particularly when you want to discuss something of a personal or sensitive nature. Your instructor will generally provide a response within 24 hours. Instructors will post grades and feedback (as applicable) within seven days of an assignment’s due date, or within seven days of a late submission.

Grade Distribution

Assignment Category	Number of Graded Items	Point Value per Item	Total Points
Discussions	4	35	140
Activities	5	40	200
Quizzes	2	20	40
Project			
Milestones	3	100	300

Course Participation

Course participation is required within the first week of the term for all online courses. *Participation* in this context is defined as completing one graded assignment during the first week of the course. Otherwise, students will be administratively removed for nonparticipation. Students who do not participate during the first week may forfeit their rights to be reinstated into the course. Students who stop attending a course after the first week and who do not officially withdraw will receive a grade calculated based on all submitted and missed graded assignments for the course. Missed assignments will earn a grade of zero. See the [course withdrawal policy](#) and the [full attendance policy](#) for further information.

Late Assignments

Students who need extra time may submit assignments (excluding discussion board postings) up to one week after the assignment due date. Discussion board submissions will not be accepted for credit after the deadline except in extenuating circumstances.

- A penalty of 10 percent of the total value of the assignment will be applied to the grade achieved on the late assignment regardless of the day of the week on which the work is submitted.
- Students who submit assignments more than one week late will receive a grade of zero on the assignment unless they have made prior arrangements with the instructor.

Students must submit all assignments no later than 11:59 p.m. (in their own time zone) on the last day of the term. No assignments are accepted after the last day of the term unless an incomplete has been submitted. See the [incomplete grades policy](#).

There may be times an instructor makes an exception to the late assignment policy. Instructors may accept late work, including discussion board posts, with or without prior arrangement.

- Exceptions to the late policy on these grounds are left to the instructor's discretion, including whether the late penalty is applied or waived. Students should not assume that they will be allowed to submit assignments after the due dates.
- If an instructor finds that they are unable to determine whether an exception to the late policy would be appropriate without documentation, the collection and review of student documentation should be handled through the Dispute Resolution team in order to protect the student's privacy. In these cases, students should file a [Student Concern Dispute form](#) to have the circumstances reviewed.

If a student is experiencing (or knows they will experience) a circumstance, including pregnancy, that is protected under the Americans with Disabilities Act or Title IX, they are encouraged to contact the [Online Accessibility Center \(OAC\)](#) as soon as possible to explore what academic accommodations might be offered. Instructors must honor all deadlines established through the OAC.
