

Graduate Course Syllabus

MHC 690: Clinical Mental Health Counseling Advanced Internship

Center: Online

Course Prerequisites

MHC 680

Course Description

Integrate skills and knowledge by working with actual clients under the supervision of a licensed clinician. Meet weekly in a required synchronous group session in a seminar-style course led by a faculty supervisor. A minimum of 600 hours of total internship time split between Internship and Advanced Internship at an approved counseling site is required. Demonstrate mastery of program outcomes and success in field experience through a satisfactory/unsatisfactory grade evaluation.

Course Outcomes

- Develop a professional counseling identity in alignment with ethical and legal standards that advocates on behalf of the profession and promotes client awareness, equity, and success
- Cultivate socially, culturally, and spiritually appropriate skills and practices in professional counseling that promote social justice and minimize barriers between counselors and clients
- Apply theories and etiology of human growth and development and relevant environmental factors to promote optimum wellness for diverse clients across the life span
- Develop strategies for supporting and advocating for clients in relation to their career development based on client needs, industry information, and identified opportunities within the global economy
- Utilize appropriate counseling theories, models, and culturally relevant strategies in developing professional skills for client consultation, treatment, intervention, and prevention
- Determine and implement appropriate strategies for effectively forming and facilitating group counseling and group work in a variety of settings with a diverse range of clients
- Assess the needs of counseling clients validly and reliably through the application of basic testing principles, key statistical concepts, and industry-appropriate procedures
- Evaluate counseling research, programs, and practices using a variety of methods and designs for advancing the counseling profession and incorporating evidence-based, data-driven approaches into current practice
- Apply culturally relevant strategies, techniques, theories, and models of clinical mental health counseling
 to the assessment and treatment planning of mental health issues, adhering to the legal and ethical
 standards of clinical and mental healthcare professionals

Required Materials

Using your learning resources is critical to your success in this course. Please purchase directly through the SNHU

Online Bookstore rather than any other vendor. Purchasing directly from the bookstore ensures that you will obtain the correct materials and that the IT Service Desk, your advisor, and the instructor can provide you with support if you have problems.

<u>Diagnostic and Statistical Manual of Mental Disorders, 5th Edition (DSM-5)</u>

American Psychiatric Association Fifth Edition 2013

Publication Manual of the American Psychological Association (2nd Printing)

Bongo

The following equipment will be needed to complete the Bongo activities in this course:

- Mac or PC desktop or laptop (not a mobile device or tablet)
- Webcam
- Microphone

For more detailed technical requirements, refer to this document.

Optional Resources

Recording Device: Sony ICD-PX470 Digital Voice Recorder with USB

You should be able to use your laptop and Bongo to record your sessions for the assessments; however, you may not have a laptop, or you may not be at a site that allows for video recording. In these instances, you will need a HIPAA-compliant audio recording device as a backup that can be purchased through the bookstore. Please see SNHU Online Bookstore for details.

Diversity, Equity, and Inclusion

As indicated in our core values, SNHU is committed to "embrace diversity where we encourage and respect diverse identities, ideas, and perspectives by honoring difference, amplifying belonging, engaging civilly, and breaking down barriers to bring our mission to life."

This may or will be reflected in SNHU's curriculum as we embrace and practice diversity, equity, and inclusion (DEI) to provide the most transformative experience for our students, faculty, and staff. Because topics pertaining to DEI can be sensitive, please remember that embodying and practicing diversity, equity, and inclusion is one of our core values that you will encounter throughout the academic experience. In higher education, we are expected to think and engage critically. Use a growth mindset to embrace the diverse readings, course assignments, and experiences of your peers and faculty.

For more information about DEI at SNHU, please visit our website at the Office of Diversity and Inclusion.

Instructor Availability and Response Time

Your class interaction with the instructor and your classmates will take place on a regular, ongoing basis. Your instructor will be actively engaged within the course throughout the week. You will normally communicate with your instructor in the weekly discussions or the General Questions discussion topic so that your questions and the instructor's answers benefit the entire class. You should feel free, however, to communicate with your instructor via SNHU email at any time, particularly when you want to discuss something of a personal or sensitive nature. Your instructor will generally provide a response within 24 hours. Instructors will post grades and feedback (as applicable) within seven days of an assignment's due date, or within seven days of a late submission.

Hours Requirement

Each week, you are required to spend a minimum number of hours at the field site. If you are taking the general track, you will complete two terms of internships with a minimum total of 600 hours. If you are taking the calendar elective track, you will complete three terms of internships with a minimum total of 600 hours. If you are taking the clock elective track, you will take three terms of internships with a minimum total of 900 hours. You will complete your time sheet each week in Sonia. Refer to the MHC Field Experience Tracks document to see the details of your hours requirement.

Course Participation

Course participation is required within the first week of the term for all online courses. *Participation* in this context is defined as completing one graded assignment during the first week of the course. Otherwise, students will be administratively removed for nonparticipation. Students who do not participate during the first week may forfeit their rights to be reinstated into the course. Students who stop attending a course after the first week and who do not officially withdraw will receive a grade calculated based on all submitted and missed graded assignments for the course. Missed assignments will earn a grade of zero. See the <u>course withdrawal policy</u> and the <u>full attendance policy</u> for further information.

Late Assignments

Students who need extra time may submit assignments (excluding discussion board postings) up to one week after the assignment due date. Discussion board submissions will not be accepted for credit after the deadline except in extenuating circumstances.

- A penalty of 10 percent of the total value of the assignment will be applied to the grade achieved on the late assignment regardless of the day of the week on which the work is submitted.
- Students who submit assignments more than one week late will receive a grade of zero on the assignment unless they have made prior arrangements with the instructor.

Students must submit all assignments no later than 11:59 p.m. (in their own time zone) on the last day of the term. No assignments are accepted after the last day of the term unless an incomplete has been submitted. See the incomplete grades policy.

There may be times an instructor makes an exception to the late assignment policy. Instructors may accept late work, including discussion board posts, with or without prior arrangement.

- Exceptions to the late policy on these grounds are left to the instructor's discretion, including whether the late penalty is applied or waived. Students should not assume that they will be allowed to submit assignments after the due dates.
- If an instructor finds that they are unable to determine whether an exception to the late policy would be appropriate without documentation, the collection and review of student documentation should be handled through the Dispute Resolution team in order to protect the student's privacy. In these cases, students should file a Student Concern Dispute form to have the circumstances reviewed.

If a student is experiencing (or knows they will experience) a circumstance, including pregnancy, that is protected under the Americans with Disabilities Act or Title IX, they are encouraged to contact the Online Accessibility Center (OAC) as soon as possible to explore what academic accommodations might be offered. Instructors must honor all deadlines established through the OAC.
